March 16, 2025

I am pleased to write this letter of recommendation for Mason Flicker. He is a student-athlete at Bellevue High School that I have had the pleasure mentoring over the past 7 years. During this time, Mason has consistently demonstrated remarkable qualities that sets him apart as not only an outstanding student but also a responsible and respectful individual.

Mason is hardworking and dedicated in all their endeavors. He consistently goes above and beyond as a student-athlete, showing great initiative and perseverance in completing assignments and projects. I have observed him approach every task with determination, a strong work ethic, and a drive to succeed. His ability to stay focused, manage time effectively, and produce quality work is something that has also stood out.

In addition to his academic and athletic achievements, Mason is a natural leader. Whether in athletic settings or classroom settings he takes initiative to guide and inspire others, always ensuring that everyone's voice is heard and valued. Mason possesses the ability to motivate peers to collaborate and work toward common goals, showing maturity and excellent interpersonal skills.

Based on my experience working with Mason, I am confident that he will excel in any future academic or professional pursuits. He is not only an exceptional student but also an individual with the integrity, leadership qualities, and work ethic necessary to make a meaningful impact.

I wholeheartedly recommend Mason Flicker for this opportunity. Should you have any further questions, please do not hesitate to contact me.

Sincerely,

Cody Cramer  
Bellevue High School  
Athletic Director
